

MAZDA ADDED PROTECTION PLAN FOR YOUR MAZDA VEHICLE

For all the award-winning vehicles we've built over the years, we at Mazda Canada take extreme pride in satisfying each Mazda customer. And satisfying our pre-owned vehicle owner is particularly rewarding, because of the unique situations involved.

Our experience has taught us that quality and reliability are the primary concerns of the pre-owned vehicle owner.

Now, any reservations you may have had about pre-owned vehicles can be put to rest, because with Mazda Added Protection – M.A.P. for short – you're protected for up to 3 years/60,000 km.

M.A.P. is our way of ensuring that our pre-owned Mazda vehicle customers enjoy the same peace of mind and driving pleasure as our new car customers. Because we believe that when you buy or lease a Mazda, any Mazda, you're one of the family. And we aim to treat you that way.

ELIGIBILITY

Mazda vehicles registered and normally operated in Canada. Mazda vehicles 6 model years old or newer (new model years start on August 1st of each year). Mazda Added Protection is available to Mazda vehicles purchased from a Mazda Dealer in Canada. Mazda Added Protection is only available at the time of vehicle purchase. Mazda Added Protection Plans are not available for vehicles used for taxi, courier/delivery service, police/security, rental vehicles, and snow removal or emergency services. Vehicles sold for use in competition/racing or off-road activities are not eligible for Mazda Added Protection.

What is not covered: Of course, no protection program can cover every possible circumstance. Your dealer can provide more details, but a good rule of thumb is to use prudent judgement when you drive, follow your Mazda maintenance schedule, and use common sense in the care and handling of your vehicle at all times.

YOU'RE COVERED
