Satisfaction Review Process

Your complete and permanent satisfaction is of primary concern to Mazda. All Mazda Dealers have both the knowledge and tools to keep your Mazda vehicle in top condition. In our experience, any questions, problems, or complaints regarding the operation of your Mazda Vehicle or any other general service transactions are most effectively resolved by your dealer. If the cause of your dissatisfaction cannot adequately be addressed by normal dealership procedures, we recommend that you take the following steps:

Step 1: Contact Your Mazda Dealer

Discuss the matter with a member of dealership management. If the Service Manager has already reviewed your concerns, contact the owner of the dealership or its General Manager.

Step 2: Call the Mazda Regional Office

If you feel that you still require assistance, ask the dealer Service Manager to arrange for you to meet the local Mazda Service Representative. If more expedient, contact the Mazda Canada Inc. Regional Office nearest you for such arrangements. (Regional office addresses and phone numbers are shown on page 10).

WHEN YOU NEED TO TALK TO MAZDA

Step 3: Contact the Mazda Customer Relations Department

If still not substantially satisfied, contact the Customer Relations Department, Mazda Canada Inc., 55 Vogell Road, Richmond Hill, Ontario, L4B 3K5, Canada, Tel: **(905) 787-7000**. Provide the Department with the following information:

1. Your name, address, and telephone number
2. Year and model of vehicle
3. Vehicle Identification Number (VIN). Refer to the "Vehicle Identification" pages of the Owner's Manual for the location of the VIN.
4. Purchase date
5. Present odometer reading.
6. Your dealer's name and location
7. The nature of your problem and/or cause of dissatisfaction.

The Department, in cooperation with the local Mazda Service Representative, will review the case to determine if everything possible has been done to ensure your satisfaction.

Please recognize that the resolution of service problems in most cases requires the use of your Mazda Dealer's service facilities, personnel and equipment. We, therefore, urge you to follow the above three steps in sequence therefore for most effective results.

Mediation/Arbitration Program

Occasionally a customer concern cannot be resolved through Mazda's Customer Satisfaction Program. If after exhausting the procedures in this warranty handbook your concern is still not resolved, you have another option.

Mazda Canada Inc. participates in an arbitration program administered by the Canadian Motor Vehicle Arbitration Program (CAMVAP). CAMVAP will advise you about how your concern may be reviewed and resolved by an independent third party through binding arbitration.

Your complete satisfaction is the goal of Mazda Canada Inc. and our dealers. Mazda's participation in CAMVAP makes a valuable contribution to our achieving that goal. There is no charge for using CAMVAP. CAMVAP results are fast, fair and final as the award is binding on both you and Mazda Canada Inc.

Canadian Motor Vehicle Arbitration Plan (CAMVAP)

If a specific item of concern arises, where a solution cannot be reached between a vehicle owner, Mazda, and/or one of its dealers (that all parties can agree upon), the owner may wish to use the services offered by the Canadian Motor Vehicle Arbitration Plan (CAMVAP).

CAMVAP uses the service of Provincial Administrators to assist consumers in scheduling and preparing for their arbitration hearings. However, before you can proceed with CAMVAP you must follow your manufacturer's dispute resolution process as outlined previously.

CAMVAP is fully implemented in all provinces and territories. Consumers wishing to obtain further information about the Program should contact the Provincial Administrator at 1 (800) 207-0685, or by contacting the Canadian Motor Vehicle Arbitration Plan office at:

To Get Warranty Service

You must take your Mazda Vehicle, along with this booklet, to a Mazda Dealer in Canada or the United States during their normal service hours and prior to the expiration of the warranty period. While any Mazda Dealer will perform warranty service, Mazda recommends that you return to the dealership where you purchased your Mazda Vehicle because you have already established a relationship with them.

If you have any questions or need assistance regarding this warranty, refer to "When You Need to Talk to Mazda" on page 7.

Limited Warranty

The liability of Mazda under this warranty is limited solely to the repair or replacement of parts defective in Mazda-supplied material, or workmanship by a Mazda dealer at its place of business. Specifically, it does not include any expense of, or payment for loss of use of the Mazda vehicle during warranty repairs.

Other Terms

This warranty gives you specific legal rights, and you may also have other rights which vary from province to province.

All Implied Warranties, including but not limited to any regarding marketability or fitness for a particular purpose, are limited respectively to the duration of this warranty.

This warranty is given in lieu of all other Express Warranties (except those set forth separately in this booklet) on the part of Mazda, Mazda Distributor, or the Mazda Dealer selling the Mazda Vehicle. No dealer, or any agent or employee thereof, is authorized to extend or expand this warranty. Mazda or a Mazda Distributor shall not be liable for any incidental, special, consequential, or exemplary damages, or any service not expressly provided for herein.

SAFETY RESTRAINT SYSTEM LIMITED WARRANTY

16

Some provinces do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

To help decrease the possibility or severity of injury during accidents or emergency stops, Mazda strongly recommends that the driver and all vehicle occupants be properly restrained at all times by using the seat belts provided. (Proper use is outlined in your Owner's Manual.) In addition to the seat belts, many Mazda vehicles are equipped with supplemental restraint systems (air bags). Air bags are designed to supplement the seat belts by providing additional protection by restraining the forward motion in a more serious frontal accident. The air bags alone may not prevent severe injury in an accident. The driver and all vehicle occupants should always wear seat belts.

Mazda warrants that the safety restraint system of your new Mazda Vehicle is free from defects in Mazda-supplied material or workmanship which result in improper function, subject to the following terms and conditions.

A Mazda Dealer will make necessary repairs to correct any problem covered by its warranty without charge to you.

1. Warranty Period

The warranty period is for the first **60 months** or **80,000 km**, whichever comes first, from the earlier date of either retail delivery or first use of the Mazda Vehicle.

- Any surface corrosion of the Mazda Vehicle which does not result in perforation, such as typically caused by sand, salt, hail or stones.

- Any perforation due to corrosion of a part of the Mazda Vehicle which is not a body sheet metal panel. As used herein, “body sheet metal panel” specifically excludes all parts which are components of the exhaust system of the Mazda Vehicle.
- Any perforation to panels previously repaired to correct collision damage, fire, theft, natural disaster, etc.
- Removal of the vehicle from the warranty-applicable market for which it was produced.
- If the vehicle has been classified a total loss and/or sold for salvage purposes or branded for any other reasons.

3. Your Responsibilities

Inspect the body sheet metal panels of your Mazda Vehicle frequently and if you detect any stone chips or scratches in the paint or protective coating, touch them up immediately.

In addition, special care should be taken to protect your Mazda Vehicle from corrosion.

1. If you drive on salted roads, or if you drive near the ocean, flush the underbody at least once a month with clean water.
2. It is important to keep the drain holes in the lower edges of the body clear.

4. If you carry special cargo, such as chemicals, fertilizers, de-icing salt, or other corrosive substances, be sure that such materials are well packaged and sealed.
5. If you drive frequently on gravel roads, we recommend that you install stone guards behind each wheel.

4. To Get Warranty Service

The liability of Mazda under this warranty is limited solely to the repair or replacement of parts defective in material or workmanship by a Mazda Dealer at its place of business. Specifically, it does not include any expense of, or related to, transportation to such a dealer or payment for loss of use of the Mazda Vehicle during warranty repairs.

6. Other Terms

The “Other Terms” stated on page 15 in the New Vehicle Limited Warranty also apply to this warranty.

EMISSION CONTROL WARRANTY

20

I. Introduction

The following two emissions-related warranties are provided:

- The Emissions Defect Warranty, which covers certain parts of each vehicle's emissions control systems against defects in materials and workmanship, and
- The Emissions Performance Warranty, which covers repairs to certain parts of each vehicle's emission control system *if certain conditions are met* (see Sec. V. below, for those conditions).

These two emission warranties apply to all Mazda Vehicles registered and normally operated in Canada. They are given in lieu of all other express or implied warranties (except those set forth separately in this booklet) on the part of Mazda, Mazda Importer/Distributor or the Mazda Dealer selling this Mazda Vehicle. No dealer, or any agent or employee thereof, is authorized to extend or expand these warranties.

II. Definitions

- (a) "Owner" means the original and any subsequent owner of a Mazda Vehicle.
- (b) "Mazda Part" means a part sold by a Mazda Dealer, whether new or remanufactured, which is supplied by Mazda.
- (c) "Emission Warranty Part" means a part installed on or in a Mazda Vehicle by or at the direction of Mazda for the sole or primary purpose of reducing the Mazda Vehicle's emissions and that was not in general use prior to model year 1968. The Emission Warranty Parts are listed in Secs. VI and VII, below.
- (d) "Written Maintenance Instructions" means those maintenance and operation instructions, together with the time and/or kilometrage interval at which such maintenance are to be performed, specified in the Owner's manual for the Mazda Vehicle as being necessary to assure compliance of the Mazda Vehicle with applicable emission standards during the term of this warranty, as specified by law.

III. Exclusions from the Emission Warranties

The following are NOT covered by these Emission Warranties:

- (1) Any incidental, consequential, or exemplary damages (whether in contract or tort), including loss of time, inconvenience, loss of use of the vehicle, cost of transporting it for repair or service, and commercial loss.
- (2) Damage resulting from accidents, misuse, natural disasters, or events beyond the control of Mazda.
- (3) If the vehicle has been classified a total loss and/or sold for salvage purposes or branded for any other reasons.
- (4) Lack of proper maintenance, including repairs improperly performed or replacements improperly installed by any person other than a Mazda Dealer, or a replacement part or accessory not conforming to Mazda's specifications.

- (5) Any repair of the vehicle on which the odometer kilometrage has been altered or on which the actual kilometrage cannot be readily determined. (When replacing the speedometer, the "Speedometer Replacement Record" on page 6 must be filled in by a Mazda Dealer.)
- (6) Removal of the vehicle from the warranty-applicable market for which it was produced.

IV. Emission Defect Warranty

Mazda warrants to the ultimate purchaser and each subsequent purchaser that this Mazda Vehicle is (A) designed, built, and equipped so as to conform at the time of sale with applicable regulations and (B) free from defects in materials and workmanship which would cause it to fail to conform with applicable regulations during the warranty periods mentioned herein after. The applicable regulation requires that the warranty period is for the first **24 months* or 38,400 km**, whichever comes first. However, Mazda will provide you a coverage of **36 months* or 80,000 km**, whichever comes first, under the terms of the New Vehicle Limited Warranty. The applicable regulation also requires that the warranty period for specified major Emission Warranty Parts listed in Sec. VII below is for the first **96 months* or 128,000 km**, whichever comes first. Any defects in warranted parts that are identified within those warranty periods will be repaired or replaced by Mazda, at its option, with new or remanufactured parts at no cost to the Mazda Vehicle owner by a Mazda Dealer in Canada. The liability of Mazda under this Emission Defect Warranty is solely limited to such repair or replacement.

* The months during which the vehicle has been in operation are countered from the date of the first use of the vehicle or the date of its retail delivery, whichever came first.

V. Emission Performance Warranty

Important Notice:

A remedy will be available under this warranty only when a vehicle fails a province-approved emission short test; usually this means when an Owner could be subject to a penalty under provincial law because of such a failure. At the date of the printing of this warranty, many provinces did not have vehicle inspection programs for testing vehicles for conformity with such short tests and had not enacted laws subjecting vehicle Owners to such penalties. Therefore, it is possible that in many provinces or local areas, no remedy will be available under this warranty as a matter of law.

EMISSION CONTROL WARRANTY

22

A. Warranty

Mazda warrants to each Owner that if:

- (a) The Mazda Vehicle is maintained and operated in compliance with the Written Maintenance Instructions; and
- (b) The Mazda Vehicle fails to conform at any time during the term of this warranty to the applicable emission standards as judged by an emission test approved by a province; and
- (c) Such nonconformity results or will result in the Owner having to bear any penalty or other sanction (including the denial of the right to use the Mazda Vehicle) under local, or provincial law; and
- (d) If such nonconformity results from the failure of an Emission Warranty Part.

Mazda shall remedy the nonconformity at no cost to the Owner in accordance with the following:

- During a period of vehicle operation that does not exceed **24 months* or 38,400 km**, whichever comes first, if the failed Emission Warranty Part is listed in the 24 months/38,400 km Emission Warranty Parts List in Section VI, below.
- During a period of vehicle operation that does not exceed **96 months* or 128,000 km**, whichever comes first, if the failed Emission Warranty Part is listed in the 96 months/128,000 km Emission Warranty Parts List in Section VII, below.

*The months during which the vehicle has been in operation are counted from the date of the first use of the vehicle or the date of its retail delivery, whichever came first.

B. Compliance with Written Maintenance Instructions

Each Owner is required to comply with the Written Maintenance Instructions and a claim under this warranty may be denied on the basis of noncompliance by the Owner with such instructions. **If and when it is considered that the vehicle's nonconformity with the applicable emission standards has resulted from the Owner's noncompliance with those Written Maintenance Instructions which the manufacturer considers necessary for the vehicle to meet the standards, the Owner may be required to submit evidence of such compliance. Receipts and other documents covering the performance of Scheduled Maintenance and proper use in accordance with the Written Maintenance Instructions, including but not limited to the validated Scheduled Maintenance Record in this booklet, should, therefore, be retained by the Owner and should be transferred to each subsequent Owner of the Mazda Vehicle.**

C. Use of Mazda Parts

The Mazda Vehicle is designed, built and tested using Mazda Parts so that the Mazda Vehicle is able to perform in conformity with provincial regulations as provided by this warranty. Accordingly, it is recommended that any replacement parts used for maintenance, repair or replacement of the Mazda Vehicle be Mazda Parts, or parts equivalent to those with which the Mazda Vehicle or its engine was originally equipped.

D. Use of Non-Mazda Parts

Owners may elect to use parts other than Mazda Parts in the performance of any maintenance or repairs and such use in itself will not invalidate this warranty. However, use of parts other than Mazda, may cause Mazda to deny an emission performance warranty claim on the basis of non-Mazda replacement parts used in the maintenance or repair of a Mazda Vehicle if the non-Mazda replacement parts are either defective in material or workmanship or not equivalent, from an emission standpoint, to Mazda Parts.

E. Repair or Replacement by Mazda Dealer

Mazda's obligation to remedy nonconformities under this warranty shall be performed by a Mazda Dealer, which shall make all adjustments, repairs or replacements necessary to assure that the Mazda Vehicle complies with applicable emission standards of a province and that the Mazda Vehicle will continue to comply during the remainder of the term of this warranty (If proper maintenance and operation are continued).

F. Maintenance by An Establishment or Individual Other Than Mazda

Maintenance, replacement, or repair of the emission control devices and systems covered by this warranty may be performed by any automotive repair establishment or individual using Mazda Parts. However, the Owner should note that service by a person other than a Mazda Dealer may cause Mazda to deny a claim under this warranty, if it is shown that the improper installation or adjustment of any part has caused the Mazda Vehicle to fail the emission test, either directly or by causing another warranted part to fail.

G. Warranty Claim Procedures

A warranty claim may be submitted by bringing the Mazda Vehicle to any Mazda Dealer during the Dealer's regular business hours, together with a copy of a failed emissions test. Upon presentation of a claim, Mazda shall notify the Owner within 30 days, or a shorter period of time within which repair is required by local or provincial law, that the claim will be honored or shall provide the Owner in writing with an explanation of the basis upon which the claim is being denied. Failure to notify the Owner within such a time period, shall cause Mazda to be responsible for repairing the Mazda Vehicle free of charge to the Owner, unless such failure is attributable to the Owner or to events beyond the control of Mazda or the Mazda Dealer.
